## **Stelzen-Art**

Where art gets wings and dreams become reality  
World-class stilt performances from Bremen | Germany

The artist-group Stelzen-Art has been taking visitors into fantastic worlds for over 20 years. Butterfly elves, flower creatures and time travelers dance on stilts above the amazed heads of spectators and bring magic to festivals and events worldwide. With over 200 performances every year from Germany to Dubai, they create art that touches the heart.

Under the direction of Janine Jaeggi and Martin Sasse, 40 artists create new, tailor-made poetry on stilts every year.
